

SIRI SANJANA S

ENGINEERING STUDENT

+91 6364816789 | sirisanjana.singareddy@gmail.com | <https://github.com/siri-sanjana>

Driven and enthusiastic B.Tech student specializing in Computer Science and Engineering with a focus on Artificial Intelligence. Passionate about solving real-world problems through data-driven solutions and intelligent systems.

SKILLS

Computational Thinking
Problem Solving

DSA, Python Programming
C,C++

DBMS, Big Data basics
ML and DL

PROJECTS

GitHub Security Vulnerability Prediction System using Big Data Analytics

- Predicts vulnerabilities in GitHub repositories using ML + heuristic code analysis
- Uses Apache Spark & Hadoop to process large-scale CVE and repository data
- Generates real-time CVSS score, severity level, and detailed security reports

Movie Inferno - Database Management System

- A cloud-ready movie & TV discovery web app built with Next.js and Supabase.
- Lets users browse content, manage watchlists, and explore via rich UI components.
- Supports scalable deployments, TMDB-powered data, and optional AI-based guidance.

Automated Battery Materials Data Extraction from Scientific Literature

- pulls key battery data straight from research PDFs
- auto-creates a dataset that's ready to use
- It uses LLMs + smart chunking + explainable AI

EDUCATION

B.Tech in Computer Science Engineering (Artificial Intelligence)

2023 - 2027

Amrita Vishwa Vidyapeetham, Coimbatore

CGPA: 9.12/10.0

12th Standard

2022 - 2023

Sri Chaitanya School, Bengaluru

Percentage: 93.6%

10th Standard

2020 - 2021

Sri Chaitanya School, Bengaluru

Percentage: 99.2%

CERTIFICATES & ACHIVEMENTS

- Top 15 in Code Cubicle 5.0 hackathon
- Finalist in GenAI Hackathon by Value Health Org- GenJournals -an Journaling App
- Oracle AI Foundations Associate
- Prompt Design in Vertex AI
